Standards and Ethics

The Auditor shall undertake this engagement in accordance with:

- the IFAC Code of Ethics for Professional Accountants (developed and issued by IFAC's International Ethics Standards Board for Accountants, which establishes fundamental ethical principles for Auditors with regard to integrity, objectivity, independence, professional competence and due care, confidentiality, professional behaviour and technical standards. Although ISRS 4400 provides that independence is not a requirement for agreed-upon procedures engagements, the FO requires that the Auditor is independent from the Project Partners and complies with the independence requirements of the IFAC Code of Ethics for Professional Accountants.

Procedures, Evidence and Documentation

The scope of verification covers 100% of expenditures declared under an Interim Report(s) no(s) 7 covering period from 01/04/2019 to 31/03/2022.

The Auditor should plan the work so that the procedures can be effectively performed.

The Auditor performs the procedures listed in Annex 1 to the Report ("Listing of specific procedures to be performed").

The evidence to be used for performing the procedures is all the information — financial and not financial related but relevant to the project implementation — which makes it possible to examine the expenditure claimed by the Project Partner in the Interim Report(s). The Auditor uses the evidence obtained from these procedures as the basis for the report of factual findings. The Auditor documents matters which are important in providing evidence to support the Report, and evidence that the work was carried out in accordance with ISRS 4400 and these ToR.

The report on this expenditure verification should describe the purpose, the agreed-upon procedures and the factual findings of the engagement in sufficient detail to enable the Project Partner and the FO to understand the nature and extent of the procedures performed by the Auditor and the factual findings reported by the Auditor.

Fund operated by:

As this engagement is not an assurance engagement the Auditor does not provide an audit opinion and expresses no assurance. The FO assesses for itself the factual findings reported by the Auditor and draws its own conclusions from these factual findings.

Reporting

The Report must be written in English. The use of the model Report integral to this ToR is compulsory.

The FO, the Financial Mechanism Office ('FMO'), the EFTA Board of Auditors, as well as the Auditor General of Norway have the right to audit any work that is carried out under the action and for which costs are declared from Norway Grants Fund for Youth Employment budget. This includes work related to this engagement. Within the period up to 5 years starting from the date of the Final Payment, The Auditor must provide all necessary explanations and access to all working papers (e.g. recalculation of hourly rates, verification of the time declared for the action) related to this assignment if the FO, the FMO, the EFTA Board of Auditors, as well as the Auditor General of Norway request them.

If the Auditor believes, based on the collected evidence that there is high probability of the fraud in the examined project, he/she must report this in writing directly to the FO.
